Information About Online Registration for Councils and Unit Leaders

The Boy Scouts of America offers an online application process for youth and adults that can be completed from start to finish without a single piece of paper changing hands. This allows prospective members and leaders to register and pay in a way that's convenient for them, and it creates a more efficient and user-friendly registration experience for units, districts, and councils.

Use these resources to help you manage online registration for your **unit** or **council**.

If you need assistance or have additional questions about the online registration tools, please contact the Member Care Contact Center at myscouting@Scouting.org or 972-580-2489.
